

PRESS RELEASE

Sister Parish Design

is proud to present the

The Albert Collection

Sister Parish Design is pleased to announce the launch of **The Albert Collection**. Albert Hadley, half of the famed Parish-Hadley Associates, is revered for his chic, timeless designs, his modernism, his sense of color and proportion, his innovative style, and the magnificent interiors that informed a generation of designers. Albert has generously given to **Sister Parish Design** a collection of his ideas and inspirations as well as textile drawings from his design portfolios that were never produced.

Sister Parish Design is now printing these fabrics for the first time with Albert's consultation and magic eye.

Named for Albert's inspirations, "Vreeland," "Elsie," and "Cecil," to name a few, the prints are representative of Albert's signature simplicity and dramatic flair.
